Petition placard Keep the EU and UK collaborating in science #dealforscience

By: Wellcome from: 3RU to: President of the European Commission; European Commissioner for Research, Science and Innovation; Prime Minister of the United Kingdom; UK Secretary of State for Business, Energy and Industrial Strategy.

Researchers need certainty on scientific collaboration between the UK and EU. Science has been a key success of the EU and must remain a priority to keep Europe competitive. International collaboration makes science stronger and we should not let Brexit disrupt this. Researchers need a long-term solution to allow them to continue working together on the big challenges our societies face, transforming peoples’ lives for the better. It’s essential that politicians quickly find a way to keep this collaboration as easy as possible. We call on the EU and the UK to sign a research and innovation agreement as soon as possible. This should include: A commitment by European countries to work together to make the European Research Area ...
