

By: Twelve Oaks Civic Association **from:** Tampa **to:** Hillsborough County Board of County Commissioners **in:** Hillsborough County.

Town and Country Residents do not want developers to build anything on the old Barry Road Landfill site. The site is recognized as toxic and is required to be monitored for water quality and methane gas emissions due to the deep layers of hazardous garbage that were dumped on the site from 1964 to 1970. Hillsborough County Solid Waste department has stated that "Redevelopment would potentially have adverse effects to the environment and human health by disturbing waste filled areas, initiate groundwater plume migration outside property boundaries, impacts to nearby surface water channels, and development of explosive landfill gases under residential structures." In addition, we are concerned about the protected wildlife habitats building on...
