Clayton State University is planning to get rid of many majors under STEAM. Most notably the Chemistry, Mathematics, Political Science, Spanish, and Theater departments. Cutting these majors will gravely impact the College of Arts and Sciences and the College of Information and Mathematical Sciences, which makes up over 40% of the student body of Clayton State. The STEM department is essential to the education of all Clayton State students regardless of their major. If the programs are cut by the University all students will be negatively impacted by the consequences.

Help us by signing this petition to show your support and help save the College of Arts and Sciences and the College of Information and Mathematical Sciences A final decision is expected to be made within 10 days. Time is running out, and action must be taken now!

On Monday, March 25, 2024 at 11:15 am the President and Provost will be holding a meeting regarding the matter. The meeting will take place in the James M. Baker (University Center) building in room 260. By the Georgia Open Records Act, the general public is allowed to attend the meeting. Please come out and show support!
